Compact in size and low on cost

- Compact 9-pin flat-bed printer
- Up to 240 characters per second
- Ideal for front office applications
- Easy to use
- Long life ribbon
- Small footprint

Tally DASCOM

Tally DASCOM's 1318 flat-bed serial dot matrix printer, is a 9 pin, 80 column printer with USB and parallel interfaces as standard. The 1318 is ideal for front office applications in retail outlets, travel agents, train stations, banks and doctor's surgeries where space is limited.

With high quality output, an easy to use control panel and the option to use pre-cut or tractor fed paper, the 1318 is ideal for counter-top printing applications such as, tickets, receipts, forms and multipart documents.

The long life ribbon of the 1318 means fewer ribbon changes, less downtime and lower running costs.

With print speeds of 240 characters per second (cps) and flexible media handling it keeps transactions smooth and the user happy.

The 1318 is a reliable and easy to use printer, with low running costs and a space saving size.

Available Configuration:

1318 Standard Product

1318

Print Speed	10 cpi: 240 cps (HSD), 180 cps (Draft), 45 cps (NLQ)
	12 cpi: 200 cps (HSD), 216 cps (Draft). 54 cps (NLQ)
Print Method	Flat-Bed Serial Impact Dot Matrix
Resolution	Up to 144 x 240 dpi
Throughput (ECMA 132)	192 pages per hour
Character Density	10, 12, 15, 17.1, 20cpi, Proportional Spacing
Line Density	1, 2, 3, 4, 6, 8 lpi
