

# 1430

Tally DASCOM's 1430 flat-bed serial dot matrix printer, is a 24 pin, 106 column printer with USB and parallel interfaces as standard. The printer is ideal for front office applications in retail outlets, travel agents, train stations and doctor's surgeries where a wide range of media is used.

With high quality output, an easy to use control panel and the option to use pre-cut or tractor fed paper, the 1430 is ideal for counter-top printing applications such as, tickets, receipts, forms and multi-part documents.

## High speed and quality in wide format

- Wide carriage 24-pin flat-bed printer
- Print speeds up to 450 characters per second
- Ideal for front office applications
- Flexible media handling
- Auto switching USB and parallel interface
- Long life ribbon

The long life ribbon of the 1430 means fewer ribbon changes, less downtime and lower running costs.

With print speeds of 450 characters per second (cps) and flexible media handling it keeps transactions smooth and the user happy.

The 1430 is a reliable and easy to use printer, with low running costs and flexible paper management.
