Serial Matrix Printers

Impact solutions for industrial and logistic environments

The fastest Serial Printer today available in the Printing World

Compuprint 10300 combines performance and ruggedness of a Line Printer in a smaller layout Compuprint

860 Page per Hour 460 Lines per Minute 800 Million Characters Print Head Life

10300 Compuprint 10300 adopts enhanced and improved electronic and mechanical solutions that move the real print performance to an unbeatable level. Such print performance combined with eight copies capability, dual tractors, wide range of barcodes, macrocharacters, emulations,

interfaces and extraordinary global reliability make the **Compuprint 10300 unique**

Value and Features

- 24 pin print-head with 800 Million Characters life
- 860 Pages per Hour (PPH)
- 460 Lines per Minute (LPM)
- Supersedes 500 LPM line printer in many applications
- Superior performance in graphics printing
- Rugged and robust design
- Dual front straight paper paths and zero-tear-off
- 8 copies capability
- Parallel, Serial, USB 2.0 and LAN interfaces
- Wide range of barcodes and macro-characters

A leading-edge series for today and tomorrow

Compuprint 10300 integrates the latest Compuprint technology and innovation based on more than 30 vears of leadership in the serial printer technology.

At the top of the Compuprint range, this model is the fastest printing serial impact device available in the world, in a ruggedised mechanism to support the most critical application needs of the Industry and Business organizations.

It represents the preferred choice for business and industrial printing applications requiring up to 75.000 (*) pages per month workload.

Fast, flexible, reliable

Compuprint 10300 delivers the performance of line printers in term of speed and reliability in legacy applications, while providing unmatched capabilities in today's growing graphic and Windows environments. A unique paper handling path for two simultaneous forms and the zero-tear-off capability make this printer the ideal solution for high demanding, mission critical requirements, yet flexible to support a variety of forms and documents.

For a broad range of connectivity and printing requirements

A wide set of interfaces and protocols allow the printer to connect in most contemporary environments, while providing security for future migration. With its fully integrated network capability, and its unique and optimized choices for quality and speed in graphics mode, Compuprint 10300 provides an ideal, innovative solution for industrial printing requirements of macro-characters, bar-codes and pre-printed forms printing.
